Re: WC Docket No. 05-65

Dear Mr. Hunseder:

This is in response to your letter addressed to me and dated June 22, 2005 by which you requested that I submit certain data relied upon by Dr. Simon Wilkie in preparing a declaration and presentations submitted in the above-referenced docket. I observe that you addressed your request to me, as opposed to any of the individual companies that submitted comments or sponsored the presentations you reference. This is to confirm that the supporting data which you request is not in the possession of myself or Kelley Drye & Warren LLP. In addition, as you are aware, AT&T has no right of discovery in this proceeding, and neither Kelley Drye & Warren LLP or its clients in this matter have any obligation to provide the requested information to you. You should also be aware that the information that you request is highly confidential, proprietary and competitively sensitive. Finally, most of the information that you seek is readily available for purchase by AT&T from GeoResults or can be found in AT&T's own files (i.e. building lists and bid data). Accordingly, we are unable to provide the information that you request.

Sincerely,

Brad E. Mutschelknaus
