Re: KALW (FM), San Francisco, CA
MB Docket No. 04-191

Dear Secretary:

I have been an active listener of NPR for almost 20 years. I have lived in San Francisco since 1998 – and recently moved to a suburb just south of the SFO airport. I listen to KALW every morning and afternoon on my commute.

During my time in San Francisco, I have been a regular listener and contributor to KALW, even though there are other NPR choices in the Bay Area, namely KQED.

I hope you will renew the KALW license – as the loss of this station's broadcast would be a material loss for the San Francisco Bay Area and NPR listeners in general.

Sincerely,

John P. Sheputis
