

**LP-100 Availability Map
March 2005**

- Areas where LPFM channels are available without any changes in the rules.
- New areas that would have LPFM channels available if REC's proposed protections are accepted by the Commission.
- Additional areas that would have LPFM channels if Congress removes the requirement that LPFM stations protect domestic third adjacent channel FM and translator stations.
- Areas where LPFM channels would still not be available. These areas may benefit from LPAM or Channel 6 FM Expansion.

"Green" areas are not shown for Hawaii

Puerto Rico/Virgin Islands
