Re: Revision of the Commission's Rules to Ensure Compatibility with
Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102

Dear Ms. Dortch:

Michael Amarosa, Philip Verveer, and I, on behalf of TruePosition, Inc., met today with Barry Ohlson, legal advisor to Commissioner Adelstein. We discussed the current efforts to review the FCC's wireless E911 accuracy requirements. We also discussed TruePosition's extensive network-based deployments throughout the nation, including in rural areas. In addition, we discussed the development of new applications for wireless location technologies in areas outside the scope of the Commission's E-911 rules, including national security and other public safety concerns.

Pursuant to Section 1.1206(b) of the Commission's rules, 47 C.F.R. § 1.1206(b), one electronic copy of this notice is being filed in the above-referenced proceeding.

Sincerely,

/s/ David M. Don

David M. Don
