Re: Revision of the Commission's Rules to Ensure Compatibility with
Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102

Dear Ms. Dortch:

Michael Amarosa, Philip Verveer, and I, on behalf of TruePosition, Inc., met today with Fred Campbell in Chairman Martin's office. We discussed the Commission's wireless E-911 rules and current efforts to review those requirements. We also discussed TruePosition's extensive network-based deployments throughout the nation, including in rural areas. In addition, we discussed the development of new applications for wireless location technologies in areas outside the scope of the Commission's E-911 rules, including national security and other public safety concerns.

Pursuant to Section 1.1206(b) of the Commission's rules, 47 C.F.R. § 1.1206(b), one electronic copy of this notice is being filed in the above-referenced proceeding.

Sincerely,

/s/ David M. Don
