

Census designated areas whose centroid lies within each service area.

Conclusion

Channel 292A can be reallocated from Mercedes, Texas to channel 292C3 at San Benito, Texas, in compliance with all applicable Commission rules. The community of San Benito, Texas would be provided with a first local aural transmission service, and the community of Mercedes, Texas will continue to have local aural service. Channel 262C0 can likewise be reallocated from Brownsville, Texas to Mercedes, Texas in compliance with all applicable Commission rules. No service will be lost in any underserved area⁸ and no new underserved areas will be created as a result of this proposal. Therefore, Petitioner requests the reallocation of channel 292A from Mercedes, Texas to 292C3 at San Benito, Texas; and the reallocation of channel 262C0 at Brownsville, Texas to 262C0 at Mercedes, Texas be granted.

Respectfully submitted,

Stephen G. Davis
Senior Vice President
Clear Channel Broadcasting Licenses, Inc.
Capstar TX Limited Partnership

2625 South Memorial Drive, Suite A
Tulsa, Oklahoma 74129
(918) 664-4581

December 8, 2004

⁸ Defined as an area receiving service from less than five aural broadcast services. In the case of this proposal, the 60 dBu loss areas will continue to receive 60 dBu service from multiple sources, local and distant. SEE Figures 3 and 4.

⁹ Current facility, for which this instant proposal is a mutually exclusive substitute.

¹⁰ There will be no overlap of the channel 292C3 proposed interfering (100 dBu F(50,50)) contour with the XHNA-FM protected (60 dBu F(50,50)) contour; nor will the XHNA-FM interfering (97 dBu F(50,10)) contour overlap with the proposed 292C3 protected (57 dBu, F(50,50)) contour. See Figure 7 for the contour study. The proposed channel 292C3 ERP along the azimuth of 137 degrees (the azimuth to the XHNA-FM site) is maximum 8.0 kW at a HAAT of 103 meters.

¹¹ To channel 287A via an order to show cause, see Figure 1C for pertinent spacing study.

¹² Current licensed facility. No change in location or channel proposed here.

¹³ Restricted allotment accepted by US July 1994. As this proposal is for no physical change in facilities, no additional showing is necessary.

Channel 292 and channel 262, Mercedes, Texas and San Benito, Texas

SAN BENITO, TEXAS. San Benito is on U.S. Highway 77/83 five miles south of Harlingen and twenty miles north of Brownsville in Cameron County, at the approximate center of the county. The town is on the Concepción de Carricitos grant, awarded to Bartolomé and Eugenio Fernández^{qv} in 1789. The portion of the grant on which San Benito is built was obtained in the mid nineteenth century by Judge Stephen Powers^{qv} in return for legal services to the Fernández heirs. In 1904 Col. Sam Robertson^{qv} went into partnership with James Landrum and Benjamin Hicks, Powers's sons-in-law and administrators of his estate, to form what later became the San Benito Land and Water Company. In January 1907 the company subdivided town lots and began sales. Initially the town was called Bessie, in honor of the daughter of Benjamin Franklin Yoakum,^{qv} financial backer of the St. Louis, Brownsville and Mexico Railway, which served the community. The name San Benito was concocted by Rafael Moreno, an employee of Hicks. Moreno combined the given names of Robertson (Sam or "San") and Hicks (Benny), whom he called "Don Benito." A post office was established in 1907 under the name San Benito. The first meeting of the city council was held on July 27, 1911. A city manager form of government was adopted by charter in 1920. In 1990 the city was governed by a mayor and four elected commissioners, with a city manager as administrative head. During the border disturbances of 1915-16, San Benito was a base for troops of the Oklahoma, South Dakota, and Tennessee National Guard. Several fights with bandits occurred in the area, involving troops and Texas Rangers.^{qv} There were numerous murders and lynchings. In 1916 the night train to Brownsville was blown up at Olmito, ten miles south of San Benito, and several persons were killed. In its early years San Benito was a major shipper of citrus fruits and vegetables from the lower Rio Grande valley. A market was held under the arcade of the San Benito Bank and Trust Company, and agricultural festivals were popular. However, the produce industry began to diminish in the 1960s, and the last citrus-packing shed closed after the severe freeze of December 1983. The later economy centered around agriculture and light industry. As of 1990 there were three cotton gins in San Benito, one of which was combined with a large grain-storage facility. The town had a 144-acre industrial park that included such industries as electronics, plastic design and manufacture, soft drink distribution, meat packing, and clothing manufacture. The San Benito Consolidated Independent School District was the largest employer in the city; second was the Central Power and Light Company, which maintained the La Palma Power Station. The San Benito Municipal Airport, a general aviation facility governed by an advisory board, is

operated by a lessee. Water is supplied by a municipally owned utility corporation, governed by an autonomous board responsible to the city commission. Dolly Vinsant Memorial Hospital, a community-owned hospital built by public subscription in 1949, is named for Lt. Wilma R. (Dolly) Vinsant Shea,^{qv} army flight nurse, who was killed in action over Germany in May 1945. A semiweekly newspaper, the *San Benito News*, has been published under its present name and ownership since 1946. It was originally established as the *San Benito Light* in 1911. In addition to schools run by the San Benito Consolidated Independent School District, the South Texas Independent School District, a special purpose district, maintains a separate high school. A county fair and livestock show is held in San Benito each February on fairgrounds owned jointly by the stock show corporation and the city. The population is largely Hispanic and of Mexican origin, although intermarriage with non-Hispanics is common. In addition to Mexicans, the Hispanic population includes a small but growing number of Puerto Ricans and Cubans. There is also a substantial Japanese community on the Rio Grande, outside the city limit. The black population is probably less than 1 percent of the total. In 1990 San Benito had 141 businesses and a population of 20,125, making it the third largest city in the county.

Mayor Cesar Gonzalez
Mayoral Tenure
1974-1988
1996-2004
2004-Present

On behalf of our City Council and City staff
 "Welcome to San Benito."

We are here to serve the residential and commercial interests of our City and are happy to have you here. The City Commission in 2004, approved a new Five Year Comprehensive Plan designed as a long-range roadmap to improve services and streamline operations for our citizens and merchants. Among the many major goals for the current fiscal year include the upgrade of the old Post Office to a home for our Chamber of Commerce, Economic Development Corporation, City Management and City Hall Meeting Chambers.

We are in the midst of completing the codification of all ordinances and will soon endeavor to create a more thorough process for future development and continue the upgrade of our public parks. Included in our major accomplishments over the past year are the restructure of our Municipal Court, the merging of various departments to create the Community Improvement Department and restructuring the Utilities and the Public Works departments.

We are here to serve our community. You are our customer and we strive to provide excellent customer service. If we may be of any assistance please call us at 361-3800, Monday through Friday from 8 a.m. to 5 p.m. Or, you may choose to view our website at www.cityofsanbenito.com

Respectfully,
 Mayor Cesar Gonzalez

San Benito is making the successful evolution from agriculture retail, to light industrial and eco-tourism, and there is no doubt that economic prosperity has entered into our city limits. To prepare for continued prosperity, we are developing the necessary infrastructure for such growth.

Our most recent successful community-wide team effort, not only with the City of San Benito more than \$18,000,000 (construction/subsidies) in grant funds for the city's \$32,000,000 water/wastewater improvement project, it has afforded us the self-confidence to realize an enhanced quality of life and an expanded vision for our community. As a result of our demonstration of absolute need for improvement and our business-like approach to the project, we received overwhelming community support from consumers to pay increased rates as a means of repaying the \$9 million in loans secured to help finance the improvements.

We now have a vision where San Benito is poised to attract quality growth for happy and healthy families, expanded industry and growing businesses that can take quick advantage of our geographic proximity to Mexico and the Gulf Coast to become an even greater attractive, dynamic and unique community.
