File No. BFRCT- 20050812ABS  
First Round Channel Election Application  
Docket No. 03-15**

Dear Ms. Sawez:

August 15, 2005

Reference is made to the FCC Form 383 (First Round Conflict Decision) filed on behalf of Station WTVX-DT Fort Pierce, Florida, by C-34 FCC Licensee Subsidiary, LLC ("Licensee"), its licensee, a wholly owned subsidiary of Viacom Inc. ("Viacom").<sup>1</sup>

WTVX operates on NTSC (analog) channel 34 and digital (DTV) Channel 50. In the First Round of the FCC's DTV channel election process, Licensee elected its NTSC Channel 34 for the post-transition digital operations of WTVX.

By letter dated June 7, 2005, the FCC notified Licensee that the proposed digital operation of WTVX on its elected Channel 34 would result in 0.2 % interference to the proposed operation of WUSF-DT on its elected DTV Channel 34. WUSF is licensed to the University of South Florida ("University").

Licensee wishes to retain its first round channel election for WTVX, and University, believing the resulting interference to WUSF to be insignificant, is willing to accommodate Licensee's election. Accordingly, as reflected by the attached letter, University has agreed to accept the interference that would result from WTVX-DT's currently proposed operation on NTSC Channel 34 to WUSF-TV's currently proposed digital operation on DTV Channel 34.

Please let us know if additional information would be helpful.

Sincerely,

Nazifa Sawez
