

As a Continental Airlines frequent flyer and member of its Presidents Club, I support Continental's Petition to the FCC. As I use the President's Club for business in connection with the many flights I take, it is essential to me to have Continental's wireless service in the President's Club, which is frankly one of the several factors that led to my joining the President's Club. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I rely on Continental's seamless service wherever I fly. Thank you for ensuring the right of the public to use the wireless service of its choice. It would be outrageous for an airport to be able to force Continental to terminate this valuable service. Thank you, John Haley
