

I am a Continental Airlines frequent flyer and member of its Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I rely on Continental's seamless service wherever I fly. Thank you for ensuring the right of the public to use the wireless service of its choice.

I believe that it is an unwarranted interference by the operators of Logan Airport to pre-empt the private sector's desire to provide an additional service to its best customers and attempt to gain fees for themselves at the risk of their best customers.
