

I am a member of the Continental Airlines Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I frequently use the Boston Logan President's club and depend on access to internet service there. I resent the attempt by Logan airport authorities to impose another expensive wireless service on me. Thank you for ensuring the right of the public to use the wireless service of its choice
