

To Whom It May Concern:

We are in support of the E-Rate reimbursement initiative for AVL services as put forth by the Synovia Corporation. In order to acquire AVL services in our district, financial support by the federal government would be necessary. We operate 1,200 buses on a daily basis and would greatly benefit from AVL systems in a live time scenario.

In summary, we urge the commission to consider the inclusion of AVL services under the existing E-rate program.

Sincerely,
