

3) *Electronic Library and Online Catalog Eligibility*

The department agrees with the Texas Office of Public Utility Counsel (Texas OPC) in its support for discounts on what are commonly referred to as an “electronic library” and “online catalog.” The Texas OPC has properly documented why such services should be eligible for discounts, and the Wisconsin Department of Public Instruction urges the Commission to act on this request.

4) *Dark Fiber*

The department is disappointed to see that the issue of dark fiber eligibility has still not been resolved. A decision on this issue has been pending for many months (or several years?) and we encourage the Commission to act soon to make dark fiber E-rate eligible.

Thank you for the opportunity to comment on the pending 2006 Eligible Services List.
