Re: Federal-State Joint Board on Universal Service; CC Docket No. 96-45

Dear Ms. Dortch:

On September 7, 2005, Scott Turicchi, Scott Jarus, Michael Scrivner, and I, on behalf of j2 Global Communications, Inc. (“j2 Global”), met with Scott Bergmann, legal advisor to Commissioner Adelstein. We discussed the Commission’s proposals to modify the current universal service contribution methodology. Specifically, we discussed concerns regarding the proposal to require contributions to be based on telephone numbers assigned to end-users. We explained that this would have an adverse affect on consumers, and in particular, would dramatically affect j2 Global’s operations. In addition, we explained that such an approach would not provide a stable, forward-looking basis for support.

Pursuant to section 1.1206(b)(2) of the Commission’s rules, this letter is being filed electronically in the record of the above-referenced proceeding. Please do not hesitate to contact me if you have any questions.

Respectfully submitted,

/s/ David M. Don
