

I'm a T-Mobile Hotspot customer and a frequent flyer out of Logan airport using the AA admiral's club.
Now I can no longer use it due to some idiotic issues with massport.
I apy alot of money to use teh T-mobile in the past an dkeep using.
Having it WIRED now restricts me to a confined cubicle at the Admiral club which is not suitable.

Please fix this idiotic situation and restore T-Mobile wireless hotsopt to AA Admiral's Club

thanks
