RE: *Verizon Communications Inc. and MCI, Inc. Applications for
Approval of Transfer of Control – WC Docket No. 05-75
Amendment to Application*

Dear Ms. Dortch:

By this letter, the Applicants in the above-referenced proceeding are providing the Commission notice that several of MCI's wholly-owned subsidiaries have recently changed their names to remove certain references to "WorldCom."¹ These name changes are purely administrative and do not involve any change in ownership or operation of any of the MCI subsidiaries.

An amended Exhibit 2 to Applicants' application to transfer control of domestic section 214 authorizations is being submitted as Attachment A to this letter.² In addition, MCI's Form 602 and the proposed combined Verizon-MCI Form 602 are being updated to reflect these name changes.

If you have any questions or require anything further, please do not hesitate to contact us.

Respectfully submitted,

/s/ Curtis L. Groves

¹ Specifically, Exhibit 2 has been amended to reflect the fact that MCI WorldCom Network Services of Virginia, Inc. is now MCI Network Services of Virginia, Inc., and WorldCom Broadband Solutions, Inc. is now MCI Broadband Solutions, Inc. In addition, WorldCom Intermedia, Inc. is now MCI Intermedia, Inc.; WorldCom Intermedia Communications Corporation is now MCI Intermedia Communications Corporation; and WorldCom Intermedia Telecom, Inc. is now MCI Intermedia Telecom, Inc. None of these three entities hold domestic section 214 authorizations.

² The amended Exhibit 2 also updates the status of the pending Military Communications Center ("MCC") transaction to reflect the fact that the Commission has granted consent for MCI to transfer control of MCC to a third party.
