*Re: Verizon Communications Inc. and MCI, Inc., Applications for Approval of Transfer of Control, WC Docket No. 05-75*

For the convenience of the Commission, we are attaching a revised set of maps that combine the information contained in the maps that Verizon submitted in response to staff's May 5, 2005 information request (which Verizon filed on May 26, 2005) with the locations of the building where MCI has fiber that was provided on the maps attached to the Special Access White Paper (which was filed on August 25, 2005). These consolidated maps also separately identify individual competing fiber providers with individual colors rather than assigning all competitive providers a single color.

Sincerely,

Dee May  
Verizon
