Re: WC Dockets Nos. 05-196 and 04-36
Subscriber Notification Report (September 22, 2005)

Dear Ms. Dortch:

USA Datanet Corporation ("USA Datanet"), by its attorneys, hereby respectfully files the attached "Subscriber Notification Report" in accordance with the requirements set forth in the Federal Communication Commission's Public Notice, *Enforcement Bureau Provides Guidance to Interconnected Voice Over Internet Protocol Service Providers Concerning Enforcement of Subscriber Acknowledgement Requirement*, WC Docket Nos. 04-36 and 05-196, DA 05-2358 (rel. August 26, 2005). Please feel free to contact the undersigned if you have any questions or need additional information.

Sincerely,

Todd D. Daubert,
Counsel for USA Datanet

Attachment

USA Datanet Corporation
Subscriber Notification Report (September 22, 2005)
WC Dockets 04-36 and 05-196

USA Datanet Corporation ("USA Datanet") submits the following Subscriber Notification Report ("Report"), which contains all of the information described in the Federal Communications Commission's Public Notice, *Enforcement Bureau Provides Guidance to Interconnected Voice Over Internet Protocol Service Providers Concerning Enforcement of Subscriber Acknowledgement Requirement*, WC Docket Nos. 04-36 and 05-196, DA 05-2358 (rel. August 26, 2005) ("Public Notice"). Accordingly, USA Datanet has fully satisfied the condition set forth in the Public Notice to qualify for immunity from any enforcement action regarding the requirement that USA Datanet obtain affirmative acknowledgement by every existing subscriber to USA Datanet All Talk service until September 28, 2005.

Detailed explanation regarding current compliance with the notice and warning sticker requirements.

USA Datanet notified and issued warning stickers or labels to 100% of its subscribers by the July 29th, 2005 deadline.

Quantification of the percentage of USA Datanet's subscribers that have submitted affirmative acknowledgements as of the date of the September 22 report, and an estimation of the percentage of subscribers from whom USA Datanet does not expect to receive an acknowledgement by September 28, 2005.

As of September 21, 2005, approximately 93.3% of USA Datanet's subscribers have submitted their affirmative acknowledgements. USA Datanet respectfully submits that it is impossible to give a reliable estimate of the percentage of subscribers from whom it does not expect to receive acknowledgement by September 28, 2005. However, in order to satisfy fully the condition for immunity, USA Datanet estimates that between 0% and 7% of our subscribers will not have returned an acknowledgement by September 28, 2005.

Detailed description of any and all actions USA Datanet plans to take towards any of its subscribers that do not affirmatively acknowledge having received and understood the advisory.

In order to follow-up with subscribers who have not yet acknowledged receipt and understanding of the Advisory, USA Datanet has re-sent the notification with the following additional language: "It is extremely important that you read and fax us your signed acknowledgement immediately or we will be forced to suspend your account." USA Datanet will continue to make efforts to obtain every subscriber's acknowledgement by September 28, 2005. To date USA Datanet has sent email and hard copy notification and deployed outbound calling campaigns reminding customers they

need to respond. Future methods may also include the use of web and or IVR technologies.

All future communications with existing subscribers seeking acknowledgement of receipt and understanding of the Advisory will include a warning that "The FCC expects us to discontinue your All Talk service on September 28th unless we obtain acknowledgment or receipt and understanding of this Advisory from you." USA Datanet hopes to avoid disconnecting subscribers, but in light of the FCC's apparent expectation that we do so, we will prepare for that possibility in as responsible a manner as possible given the timeframe.

Detailed description of any and all plans to use a "soft" or "warm" disconnect (or similar) procedure for subscribers that fail to provide an affirmative acknowledgment by September 28, 2005.

USA Datanet currently is planning a hard disconnect of services, pursuant to the FCC Order, for those customers failing to respond to notification by September 28, 2005.
