Re: WC Docket No. 05-196
Subscriber Acknowledgement Report (September 22, 2005)

Dear Ms. Dortch:

Endavo Media and Communications Inc. ("Endavo") is filing this report in accordance with the Commission's Public Notice, DA 05-2358, *Enforcement Bureau Provides Further Guidance to Interconnected Voice Over Internet Protocol Service Providers Concerning Enforcement of Subscriber Acknowledgement Requirement*, released August 26, 2005, in WC Docket No. 04-36 and No. 05-196. The purpose of this letter is to update Endavo's August 10 and September 1, 2005 reports to the Commission on the subscriber notification and acknowledgement requirements.

On July 28, 2005, Endavo sent a letter, including three warning stickers, certified mail, return receipt requested, to each of its seventy one (71) voice over Internet protocol ("VoIP") subscribers through the U.S. mail. On July 29, 2005, Endavo sent an e-mail to each of its 71 VoIP subscribers at their last e-mail address of record. The letter and the subsequent e-mail advised each VoIP subscriber, prominently and in plain language, of the circumstances under which Endavo's 911 service was being provided and the limitations. The letter and the e-mail also requested a return acknowledgement regarding the advisory. In addition, Endavo posted the letter at the condominium Club House doors, and at the condominium common mailbox locations.

Of the 71 letters, sixty two (62) were delivered and signed for, and nine (9) letters were returned as "unclaimed and unable to forward." Endavo has attempted to contact those 9 subscribers who did not claim their letter or receive their warning stickers, and did not respond to the e-mail. Endavo did contact one of those 9 subscribers, has provided notification and has asked for an acknowledgement. Since filing the report on September 1, 2005, Endavo has received four more signed acknowledgements from VoIP subscribers.

Effective September 20, 2005, Endavo assigned the interest in its VoIP service. Thus, it is not necessary to update the Commission on Endavo's future plans because Endavo no longer has any VoIP subscribers. The parties have agreed to work together during the transition.

Should you have any questions regarding this filing, please contact me.

Sincerely,

Mark S. Hewitt
Chief Technical Officer
