 Milford City, UTAH

Water Fees

Water Rates. All structures, dwelling units, establishments, and person using water from the municipal water system shall be required to purchase and install such number of water meters as are necessary to adequately measure use and determine water charges to the respective user. Residential and commercial monthly rates are as follows:

Metered rate: There shall be a minimum charge of Eighteen Dollars (\$18.00) for each one month period beginning the 25th of each month for which the consumer shall be entitled to ten thousands (10,000) gallons of water per month.

Each additional one thousand (1,000) gallons of water used over the monthly allotment shall be paid for at the rate of ninety five cents (\$.95) per thousand.

Unmetered users and new hook-ups will be required to pay the required cost to install a meter for their services. Unmetered rates for residential will be \$50.00 each month until their meter is installed.

Irrigation users will be charged \$1.00 per 1,000 gallons water usage.

MONTHLY USE RATES

\$18.00 Per Residential Equivalent

Residential \$ 18.00
 Small Commercial \$ 20.00
 Café \$ 20.00
 Motel \$ 96.00
 Lodging \$135.00
 Service Station \$ 20.00
 Church \$ 16.00
 Hospital \$ 96.00
 UPRR \$ 32.00
 School \$108.00

Multi units such as duplex, four plex, apartment complex, trailer courts, etc. will be \$18.00 per unit occupied.

The rate charged for surplus water, supplied to premises outside the corporate limits of Milford City, shall be at the one month meter rate of \$36.00 per Residential Equivalent beginning on the 25th day of each month. Each consumer will be entitled to ten thousand (10,000) gallons per month.

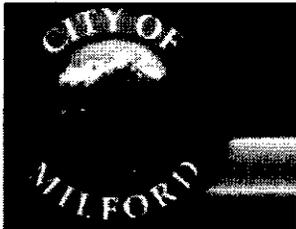

Each additional one thousand (1,000) gallons shall be paid for at the rate of One Dollar (\$1.00) per thousand gallons.

Section 2. Water Connections. Milford City will make water service connections, upon application, when in the opinion of the City Council such connections are desirable, charging the actual cost to connect including labor and materials. Manhour and Equipment will be charged as follows:

Man Hours \$35.00 per hour per man
 Backhoe \$50.00 per hour includes one operator
 Saw Cement or Asphalt \$150.00 minimum thereafter \$30.00 per hour
 Dump Truck \$50.00 per hour includes one operator

Milford City, UTAH FAQ (Frequently Asked Questions)

[Ask A Question]

Category: [Main](#) -> [City Utilities](#)

Question

- **What utilities are offered by Milford City?**
- **How much can I expect to pay for City Utilities?**
- **How do I get the utilities at my new residence turned on and put in my name?**
- **My water usage seems high, what can I do to investigate why?**
- **When is my utility bill due?**
- **Can I make a payment electronically or by credit/debit card?**

Answer

- **What utilities are offered by Milford City?**

You can connect to the water, sewer and obtain garbage cans by contacting the Milford City Offices.

- Our Web Site
- Statistics (Aug 15, 2005)
- Sale of Surplus Property (Jul 19, 2005)

Minimal billing is \$52.00 per month. Milford City bills a flat rate of \$18 for the first 10,000 gallons of water used. Any usage thereafter is billed at \$0.95 per 1,000 gallons. Sewer is billed at \$25 per month. Additionally, Milford City provides billing services for Solid Waste Management for garbage service. The fee is \$9.00 per residence. If an additional can is requested, an additional \$4.00 will be billed. Contact the City Office for billing questions or to request an additional can. To report problems with trash pickup please contact Solid Waste at 386-2530.

[Back to top](#)

· **How do I get the utilities at my new residence turned on and put in my name?**

City of Milford requires that all customers file an application for water and sewer services. These applications can be found on our website: [\(Link\)](#) For new customers, a security deposit is required in addition to the application for water and sewer. If you have had a previous account which was in good standing we will just need an application filed for the new residence. Once these conditions are met the office staff can schedule to have the water turned on, we do ask that the customer be on premise to ensure there are no leaks inside the home.

[Back to top](#)

· **My water usage seems high, what can I do to investigate why?**

The City reads the meters April through October. Any readings that look abnormally high are re-read to ensure that the reading was correctly taken. Customers who feel the usage at their property is high are encouraged to contact the City Office, however, may we offer the following suggestions: 1) check the property thoroughly, inside and outside, to ensure there are no leaks. If a leak is determined, contact the City Office to have your water shut off immediately. 2) check all toilets to ensure they are working properly and not continuously running. A leaking toilet will drastically increase water usage. 3) check water faucets to ensure no hoses are open and running. 4) during the summer months, determine if the sprinkling system is working properly. Investigate watering schedule to ensure optimal irrigation. Although there are currently no water restrictions, the City of Milford does suggest that customers do not water their yards during the hottest hours of the day when the rate of evaporation is at its peak.

[Back to top](#)

· **When is my utility bill due?**

Milford City Utility statements are mailed at the end of the month and are due by the 20th of the following month. (Example: January's billing is sent out at the end of January and is due by February 20th.) Penalties are applied to accounts with a balance

after this time and become subject to shutoff at 30 days delinquent.

[Back to top](#)

· **Can I make a payment electronically or by credit/debit card?**

Milford City does not currently have the ability to accept payment electronically. We do accept cash, check, or money order and payment can be made at the City Office, by mail, or the payment drop box located next to the office entrance. In the future, a drop box will be located at the Wells Fargo Bank.
