MOTION FOR EXTENSION OF TIME

The National Cable & Telecommunications Association (“NCTA”) respectfully requests a one-week extension of time, until October 11, 2005, for the submission of reply comments in the above-captioned proceeding. As indicated in a number of motions to accept comments as timely filed in this proceeding, the Commission’s Electronic Comment Filing System (“ECFS”) experienced technical difficulties which delayed the filing and posting of many parties’ comments on the Commission’s website. In addition, the comments of several parties, while dated September 19, 2005, may have been filed late and, in any event, were not posted and available for review on the Commission’s website until yesterday, September 28, 2005.

In light of the foregoing and given the limited duration of the initial reply comment cycle (14 days), we respectfully request a one-week extension of time to enable our member companies to adequately respond to the comments in the record of this proceeding.

Respectfully submitted,

/s/ Daniel L. Brenner
Daniel L. Brenner
Counsel for the National Cable &
Telecommunications Association
