DOCKET FILE COPY ORIGINAL

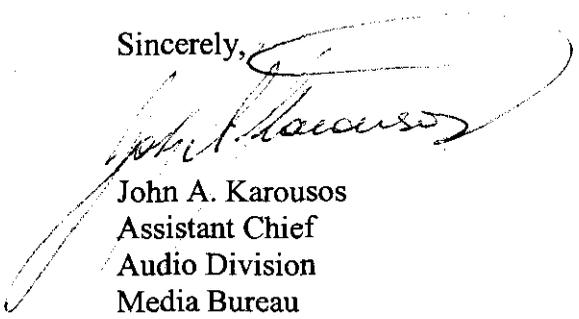

Dear Mr. Quinn:

This is in response to a petition for rule making that you filed proposing the allotment of Channel 231A at Oolitic, Indiana.

We have reviewed your proposal and find that it is unacceptable for consideration as filed. A staff engineering analysis indicates that Channel 231A is short-spaced to Channel 229B, Seymour, Indiana, and cannot be allotted at Oolitic with any site restrictions from the Oolitic city reference coordinates (38-54-03 NL and 86-31-31 WL) to eliminate the short-spacing.

Based on the above discussion, we are returning your petition for Oolitic, Indiana. Alternatively, you may wish to correct your petition and refile it if you determine an alternate channel is available for allotment at Oolitic that is not in compliance with our rules.

Sincerely,

John A. Karousos  
Assistant Chief
