Re: *SBC/AT&T Merger and Verizon/MCI Merger, WC Docket Nos. 05-65 and 05-75*

Dear Ms. Dortch:

On October 21, 2005, COMPTTEL filed an ex parte letter in the above-referenced dockets. The letter, as filed, contained a typographical error. On page 4 of the letter, the first sentence of the second paragraph read “COMPTTEL suggests that, within five years, 50% of SBC and Verizon out-of-region special access usage, as measured by, be met by non-ILEC providers (competitive providers or by self-deployment).” The sentence should read, “COMPTTEL suggests that, within five years, 50% of SBC and Verizon out-of-region special access usage, as measured by *revenue*, be met by non-ILEC providers (competitive providers or by self-deployment).” (emphasis added) A corrected version has been filed as an attachment to this letter. Please replace the as-filed version, with the attached, corrected version. Thank you in advance for your help on this matter. If you have any questions, please contact me at 202-872-5743.

Sincerely,
