Dear Ms. Dortch:

MCI is pleased to report that it has obtained acknowledgments from more than ninety percent of its subscribers to its interconnected VoIP services, in accordance with the Commission's *VoIP E911 Order*.¹ We are continuing to seek the remaining acknowledgments and will notify the Commission once MCI has received acknowledgments from the remainder of its subscriber base.²

If you have any questions, please contact me.

Respectfully submitted,

²In its previous reports, MCI has reported separately its acknowledgment rate for its MCI Advantage service and its Neighborhood Broadband Calling mass market trial.
