Marlene Dortch, Esq,
Secretary
Federal Communications Commission
445 12th St., S.W.
Washington, DC 20554

Dear Ms. Dortch:

In my ex parte notice dated October 21, 2005 regarding the meeting that Doron Gorshein and I had with the Comcast/Time Warner/Adelphia Transaction Team, I recounted that "The Commission requested more information on certain potential adverse effects including with respect to the viability of independent programmers. The America Channel agreed to provide such information promptly." I wish to clarify, in response to a question that I was asked today by a reporter, that these words were intended only to convey that we discussed with the staff our filings in the docket and agreed to be responsive to the questions that we were asked in the meeting concerning the basis and support for the material presented in our filings. The words were not intended to convey that the Commission had lodged with The America Channel a formal request for additional information. Since the words have been subject to a different interpretation today, I hope that this clarification will end any misunderstanding.

Very truly yours,
