Dear Ms. Dortch:

This is to inform you that on October 27, 2005, on behalf of AirCell, Inc. ("AirCell"), I sent the attached email to Barry Ohlson of Commissioner Adelstein's office. The communication responds to a question regarding the timing of AirCell's plans to launch air-to-ground ("ATG") service if it wins a license in the upcoming ATG spectrum auction.

Pursuant to Section 1.1206(b)(1) of the Commission's rules, I am filing this notice electronically in the above-referenced docket. In addition, I am sending one copy of this notice via e-mail to the FCC representatives listed below. Please contact me directly with any additional questions.

Respectfully submitted,

Barry -- In response to your question regarding AirCell's plans to launch air-to-ground (ATG) service if it wins a license in the upcoming ATG spectrum auction, here is AirCell's response:

Assuming that the FCC's ATG spectrum auction occurs around or by mid-year 2006 and AirCell wins a license, AirCell is prepared to begin trials in the second half of 2006, and launch ATG service with its inaugural airline by the end of 2006, with full commercial service available by the first quarter of 2007.

Please let me know if you need further information or if you have questions, and we will file this response in the FCC's ATG Docket (WT Docket No. 03-103).

Thanks,
