

I had called T Mobile for service. They sent me a phone. I was not told at that time I had a contract nor was ever sent one. I had been in a bad car accident and had to cancel it - they are saying I owe them 200.00 for earlier termination fee of a contract which I do not have. I wrote a letter to them and made many many attempts to contact them with no avail. It was sent to a collection agency and she told me they WOULD NOT RESPOND TO ME because it wasn't valid!!!!!!!!!!
