Re: Consolidated Application for Authority to Transfer Control of PanAmSat Licensee Corp.
and PanAmSat H-2 Licensee Corp. to Intelsat Holdings, Ltd., IB Docket No. 05-290

Dear Ms. Dortch:

Teleport International Buenos Aires ("TIBA") files this letter to urge the FCC to grant Intelsat Holdings, Ltd.'s ("Intelsat") and PanAmSat Corporation's ("PanAmSat") merger application.

TIBA is a leading Latin American carrier for video, audio, data, and Internet, having its headquarters in Buenos Aires, teleports in Brazil and Uruguay, commercial offices in Miami, and a large SNG vehicle fleet for satellite broadcasting. TIBA provides services in 85 countries throughout the Americas, Africa, and the Middle East. TIBA also acts as Intelsat's primary sales channel for long-term video services in Latin America using the IS-805 satellite at 304.5°E.

The proposed transaction will further enhance the video market in Latin America. As currently devised, TIBA and Intelsat's partnership provide program distributors with a distribution channel into the Latin American market. This partnership, however, has been limited by insufficient back-up capacity. The proposed transaction will provide Intelsat with additional redundancy and back-up capabilities. Such enhancements will enable the development of an even stronger and reliable video neighborhood in the Latin American region. In particular, the additional redundancy will allow for the introduction of new video programming into the Latin American region, furthering competition. Accordingly, TIBA recommends that the FCC grant Intelsat's and PanAmSat's merger application.

Sincerely,

Norberto Alvarez Vitale
President
