This letter is for an appeal of an SLD decision for a 486 application, funding year 2004.

The Form 486 Notification Letter dated October 12, 2005, Application # 314715 states that all of the service start dates have been changed from July 1, 2004 to May 31, 2005.

There has been a huge turn over of upper management in the school district and the person responsible for E-Rate left and did not leave any information behind to what needed to be done. Because of this the deadline for the filling of our 486 within the 120-day window was missed (by 7 days) and hence the starting date of service was changed.

We know the windows are in place for a reason but we feel that because of the situation in our district that a wavier should be given.

I personally have done all of the E-Rate paperwork up until April of 2005 and turned it over to the person I trained to take my place, and that is the person that did not follow through hence I'm back trying to sort all of this mess out.

This appeal affects the following FRN's and we are requesting that the service start date be changed from the May 31, 2005 date to the original one of July 1, 2004.

Form 486 App No: 314715

FRN'S: 1129601, 1129795, 1129812, 1129833, 1130524, 1126713, 1129401, 1129480, 1129515, 1129549

Thank you for your time and consideration.
