Re: ET Docket No. 03-201
Ex Parte Presentation

Dear Ms. Dortch:

This letter is submitted electronically on behalf of Cellnet Technology, Inc. ("Cellnet") pursuant to Section 1.1206(b)(2) of the Commission's rules. On December 12, 2005, the undersigned counsel for Cellnet, David Wilson of New Frontiers Communications Company, and the following employees of Cellnet, Randolph Houchins, Tommy Childress, Reuben Salazar and Chris Hickman met in a series of meetings with the following FCC officials: Chairman Kevin Martin, Chairman Martin's Legal Advisor Fred Campbell, Acting General Counsel Sam Feder, Commissioner Adelstein's Legal Advisor Barry Ohlson, and Bruce Franca, Julius Knapp, Karen Rackley, Bruce Romano, Hugh Van Tuyl and Alan Stillwell of the Office of Engineering and Technology. The Cellnet representatives discussed Cellnet's pending petition for reconsideration in the above-referenced proceeding and the need for revised technical rules that would enable more Part 15 devices to share the 902-928 MHz band. We left the attached written handout with each of the FCC offices.

Please contact the undersigned if you have any questions.

Respectfully submitted,

/s/
Lawrence J. Movshin
