

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules.

Yes No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

No, Does not apply.

18. If you answered "Yes" to question 15, and if you have not provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules in its provision of service to each of the countries identified in response to question 15, the Section 214 holder may not be eligible to provide international telecommunications service between the U.S. and each such country following consummation of the assignment or transfer. In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

19. If the assignee, or the Section 214 holder that is the subject of this transfer of control application, is a provider of Commercial Mobile Radio Services, you need not answer this question.

If any of the Section 214 authorization(s) that would be assigned or transferred, authorize the Section 214 holder to resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country listed in response to question 14, and unless you have provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10(a)(3) of the rules for each country, check "Yes" below to certify that the assignee/transferee will file the quarterly traffic reports required by Section 43.61(c) of the rules; and/or state in Attachment I that the foreign carrier(s) for which the applicant has not made a showing under Section 63.10(c)(3) do(es) not collect settlement payments from U.S. international carriers. (See Section 63.18(l).)

Yes, I certify that I agree to comply with the quarterly traffic reporting requirements set forth in section 43.61(c) of the rules.

20. If the applicant desires streamlined processing pursuant to Section 63.12 of the rules, provide in Attachment 1 a statement of how the application qualifies for streamlined processing. (See Section 63.18(p).) Note that, if the application is being filed in connection with a sale of assets or reorganization of a carrier or its parent pursuant to the U.S. bankruptcy laws, the application may not be eligible for streamlined processing until final bankruptcy court approval of the proposed sale or reorganization.

Applicant certifies that its responses to questions 21 through 25 are true:

21. The assignee/transferee certifies that it has not agreed to accept special concessions directly or indirectly from a foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into any such agreements in the future. Yes No

22. By signing this application, the undersigned certify either (1) that the authorization(s) will not be assigned or that control of the authorization(s) will not be transferred until the consent of the Federal Communications Commission has been given, or (2) that prior Commission consent is not required because the transaction is subject to the notification procedures for pro forma transactions under Section 63.24 of the rules. The assignee/transferee also acknowledges that the Commission must be notified by letter within 30 days of a consummation or of a decision not to consummate. (See Section 63.24(e)(4).) Yes No

Prior International Section 214 Authorizations

Transferor Midwest Wireless Wisconsin L.L.C. (“Midwest Wisconsin”) holds international Section 214 authorization ITC-214-20050819-00333 to provide global resold telecommunications service pursuant to Section 63.18(e)(2) of the Commission’s rules. Two Midwest Wisconsin affiliates also hold international Section 214 authorizations to provide global resold telecommunications service pursuant to Section 63.18(e)(2) of the Commission’s rules – Midwest Wireless Communications L.L.C. (ITC-214-19990224-00111) and Midwest Wireless Iowa L.L.C. (ITC-214-20050819-00334).

Transferee ALLTEL Communications, Inc. (“ACF”) holds global resale authority pursuant to Section 63.18(e)(2) of the Commission’s rules. File Nos. ITC-214-19960404-00138, ITC-T/C-19980610-00400.

Answer to Question 11

Pursuant to Section 63.18(h) of the Commission's rules, following is the relevant ownership information listing the entities directly or indirectly holding a ten percent or greater interest in Transferee ACI.

Direct Ownership

Name:	ALLTEL Corporation
Address:	One Allied Dr. Bldg. IV, F5S Little Rock, AR 72202
Citizenship:	Delaware (U.S.)
Principal Business:	Telecommunications and information services
Percentage Held:	100 percent interest in ACI

Indirect Ownership

ALLTEL Corporation ("ALLTEL") is a publicly-traded corporation. No single shareholder holds ten percent or more of ALLTEL's shares. Accordingly, no other person or entity directly or indirectly holds a ten percent or greater interest in ACI.

Neither ALLTEL nor ACI have interlocking directorates with a foreign carrier.

Answer to Question 13

Description of Transaction

ALLTEL and Midwest Wireless Holdings, L.L.C. ("Midwest Wireless") executed a Transaction Agreement on November 17, 2005 ("Agreement"). Under the terms of the Agreement, ACI will acquire control of certain subsidiaries of Midwest Wireless, including Midwest Wireless Communications L.L.C., Midwest Wireless Iowa L.L.C., and Midwest Wireless Wisconsin L.L.C. (the "Midwest Subsidiaries"). Each of the Midwest Subsidiaries holds an international Section 214 authorization to provide international telecommunications service on a resold basis. The Agreement will be effectuated by transferring the membership interests in each of the Midwest Subsidiaries to ACI. In the alternative, the parties may choose to merge Midwest Wireless with a newly formed ALLTEL subsidiary. Under either scenario, the Midwest Subsidiaries will become wholly-owned indirect subsidiaries of ALLTEL.

Accordingly, ACI and Midwest Wireless are filing three applications to transfer control of each of the Midwest Subsidiaries to ACI under Section 214 of the Communications Act of 1934, as amended. ACI and Midwest Wireless also are filing a series of Form 603 applications to transfer control of certain wireless FCC licenses held by the Midwest Subsidiaries to ACI.

A more detailed description of this transaction and a public interest demonstration accompany the lead Form 603 application (ULS File No. 0002391997) seeking Commission consent to transfer control of Midwest Wireless to ACI.

Public Interest Statement

The proposed transaction poses no risk of anticompetitive impact on the U.S. international telecommunications marketplace. ALLTEL and Midwest Wireless together hold only a very small share of the international telecommunications market. Accordingly, post-transaction ALLTEL will have no ability to adversely affect competition.

The Commission previously concluded that the exercise of foreign market power in the United States “could harm U.S. consumers through increased prices, decreases in quality, or reductions in alternatives in end user markets.... This risk occurs when a U.S. carrier is affiliated with a foreign carrier that has sufficient market power on the foreign end of a route to affect competition adversely in the U.S. market.”¹ ALLTEL became affiliated with certain foreign carriers, identified below, when it merged with Western Wireless Corporation (“WWC”).² Each of the foreign affiliates, however, is a non-dominant mobile wireless service provider in its respective home country. Moreover, ALLTEL has sold or has pending definitive agreements to sell many of the international operations that it acquired through the WWC merger, and is actively pursuing the disposition of any remaining international operations.³ Thus, there is no evidence that consumers and/or the international calling market will be harmed by this transaction.

Answer to Question 14

ALLTEL is affiliated with certain non-dominant foreign mobile wireless service providers. Accordingly, upon consummation of the proposed transfer of control, the Midwest Subsidiaries will be affiliated with foreign carriers in the following countries: Austria, Bolivia, Haiti, Ivory Coast, and Slovenia. ALLTEL has a pending definitive agreement to sell its operations in Austria, and it is actively pursuing the disposition of remaining international operations.⁴

Answer to Question 15

Upon consummation, the Midwest Subsidiaries will become affiliated with the foreign carriers identified below because it will be a wholly-owned indirect subsidiary of ALLTEL, which controls the foreign carriers.

Answer to Question 16

Pursuant to Section 63.10 of the Commission's rules, ACI and the Midwest Subsidiaries request "non-dominant" status upon consummation of the proposed transaction on all routes between the United States and the countries listed in response to Question 14 above. Each of those countries is a member of the World Trade Organization ("WTO"). Each foreign carrier affiliate is a mobile wireless operator. None of the foreign carrier affiliates is a monopoly provider of communications services and each lacks 50 percent market share in the international transport and local access markets on the foreign end of its respective U.S.-international route. Accordingly, ACI and the Midwest Subsidiaries are presumptively classified as non-dominant on all of the U.S.-international routes identified above. The foreign carrier affiliates are:

Austria: tele.ring Telekom Service GmbH is a provider of mobile, Internet access, and fixed-line services in Austria.

Bolivia: Nuevatel, a consortium led by Western Wireless International ("WWI"), holds a nationwide personal communications services ("PCS") license and provides commercial service under the brand name Viva. WWI's local partner is Comteco (Cooperativa Mixta de Telecomunicaciones Cochabamba), a cooperative telephone company in Bolivia.

Haiti: COMCEL holds a license to construct and operate a nationwide mobile communications network. It also was granted the right to build and operate services including paging, payphones, and an international gateway.

Ivory Coast: CORA de Comstar (f/k/a Comstar Cellular) is a cellular operator in Côte d'Ivoire. (Due to adverse conditions in Côte d'Ivoire, the CORA network has been shut down temporarily.)

Slovenia: Western Wireless International d.o.o. is licensed to provide nationwide mobile telephony services in Slovenia and has launched services under the brand name Vega.

Answer to Question 20

This application qualifies for streamlined processing pursuant to Section 63.12 of the Commission's rules. ACI is not affiliated with any foreign carrier in a destination market, except for Austria, Bolivia, Haiti, Ireland, Ivory Coast, and Slovenia, all of which are WTO member countries. As previously explained, ACI qualifies for a presumption of non-dominance under

Section 63.10(a)(3) of the Commission's rules for the routes between those foreign countries and the United States.

The parties will not consummate the transaction until after the Commission approves the related Form 603 applications seeking consent to transfer control of the Midwest Subsidiaries to ACI.

14. Check "Yes" below if the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier. 15. If this application is granted and the proposed assignment or transfer is consummated, would the Section 214 holder be authorized to provide service to any destination country for which any of the following statements is true? Yes No

(1) The Section 214 holder is a foreign carrier in that country; or

(2) The Section 214 holder controls a foreign carrier in that country; or

(4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.

If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true. Label your response, "Answer to Question 15."

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules.

Yes No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

No, Does not apply.

In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

19. If the assignee, or the Section 214 holder that is the subject of this transfer of control application, is a provider of Commercial Mobile Radio Services, you need not answer this question.

If any of the Section 214 authorization(s) that would be assigned or transferred, authorize the Section 214 holder to resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country listed in response to question 14, and unless you have provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10(a)(3) of the rules for each country, check "Yes" below to certify that the assignee/transferee will file the quarterly traffic reports required by Section 43.61(c) of the rules; and/or state in Attachment 1 that the foreign carrier(s) for which the applicant has not made a showing under Section 63.10(c)(3) do(es) not collect settlement payments from U.S. international carriers. (See Section 63.18(l).)

Yes, I certify that I agree to comply with the quarterly traffic reporting requirements set forth in section 43.61(c) of the rules.

20. If the applicant desires streamlined processing pursuant to Section 63.12 of the rules, provide in Attachment 1 a statement of how the application qualifies for streamlined processing. (See Section 63.18(p).) Note that, if the application is being filed in connection with a sale of assets or reorganization of a carrier or its parent pursuant to the U.S. bankruptcy laws, the application may not be eligible for streamlined processing until final bankruptcy court approval of the proposed sale or reorganization.

Applicant certifies that its responses to questions 21 through 25 are true:

21. The assignee/transferee certifies that it has not agreed to accept special concessions directly or indirectly from a foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into any such agreements in the future. Yes No

The assignee/transferee also acknowledges that the Commission must be notified by letter within 30 days of a consummation or of a decision not to consummate. (See Section 63.24(e)(4).) Yes No
