

Answer to Question 11

Pursuant to Section 63.18(h) of the Commission's rules, following is the relevant ownership information listing the entities directly or indirectly holding a ten percent or greater interest in Transferee ACI.

Direct Ownership

Name:	ALLTEL Corporation
Address:	One Allied Dr. Bldg. IV, F5S Little Rock, AR 72202
Citizenship:	Delaware (U.S.)
Principal Business:	Telecommunications and information services
Percentage Held:	100 percent interest in ACI

Indirect Ownership

ALLTEL Corporation ("ALLTEL") is a publicly-traded corporation. No single shareholder holds ten percent or more of ALLTEL's shares. Accordingly, no other person or entity directly or indirectly holds a ten percent or greater interest in ACI.

Neither ALLTEL nor ACI have interlocking directorates with a foreign carrier.

Answer to Question 13

Description of Transaction

ALLTEL and Midwest Wireless Holdings, L.L.C. ("Midwest Wireless") executed a Transaction Agreement on November 17, 2005 ("Agreement"). Under the terms of the Agreement, ACI will acquire control of certain subsidiaries of Midwest Wireless, including Midwest Wireless Communications L.L.C., Midwest Wireless Iowa L.L.C., and Midwest Wireless Wisconsin L.L.C. (the "Midwest Subsidiaries"). Each of the Midwest Subsidiaries holds an international Section 214 authorization to provide international telecommunications service on a resold basis. The Agreement will be effectuated by transferring the membership interests in each of the Midwest Subsidiaries to ACI. In the alternative, the parties may choose to merge Midwest Wireless with a newly formed ALLTEL subsidiary. Under either scenario, the Midwest Subsidiaries will become wholly-owned indirect subsidiaries of ALLTEL.

Accordingly, ACI and Midwest Wireless are filing three applications to transfer control of each of the Midwest Subsidiaries to ACI under Section 214 of the Communications Act of 1934, as amended. ACI and Midwest Wireless also are filing a series of Form 603 applications to transfer control of certain wireless FCC licenses held by the Midwest Subsidiaries to ACI.

A more detailed description of this transaction and a public interest demonstration accompany the lead Form 603 application (ULS File No. 0002391997) seeking Commission consent to transfer control of Midwest Wireless to ACI.

Public Interest Statement

The proposed transaction poses no risk of anticompetitive impact on the U.S. international telecommunications marketplace. ALLTEL and Midwest Wireless together hold only a very small share of the international telecommunications market. Accordingly, post-transaction ALLTEL will have no ability to adversely affect competition.

The Commission previously concluded that the exercise of foreign market power in the United States “could harm U.S. consumers through increased prices, decreases in quality, or reductions in alternatives in end user markets.... This risk occurs when a U.S. carrier is affiliated with a foreign carrier that has sufficient market power on the foreign end of a route to affect competition adversely in the U.S. market.”¹ ALLTEL became affiliated with certain foreign carriers, identified below, when it merged with Western Wireless Corporation (“WWC”).² Each of the foreign affiliates, however, is a non-dominant mobile wireless service provider in its respective home country. Moreover, ALLTEL has sold or has pending definitive agreements to sell many of the international operations that it acquired through the WWC merger, and is actively pursuing the disposition of any remaining international operations.³ Thus, there is no evidence that consumers and/or the international calling market will be harmed by this transaction.

Answer to Question 14

ALLTEL is affiliated with certain non-dominant foreign mobile wireless service providers. Accordingly, upon consummation of the proposed transfer of control, the Midwest Subsidiaries will be affiliated with foreign carriers in the following countries: Austria, Bolivia, Haiti, Ivory Coast, and Slovenia. ALLTEL has a pending definitive agreement to sell its operations in Austria, and it is actively pursuing the disposition of remaining international operations.⁴

Answer to Question 15

Upon consummation, the Midwest Subsidiaries will become affiliated with the foreign carriers identified below because it will be a wholly-owned indirect subsidiary of ALLTEL, which controls the foreign carriers.

Answer to Question 16

Pursuant to Section 63.10 of the Commission's rules, ACI and the Midwest Subsidiaries request "non-dominant" status upon consummation of the proposed transaction on all routes between the United States and the countries listed in response to Question 14 above. Each of those countries is a member of the World Trade Organization ("WTO"). Each foreign carrier affiliate is a mobile wireless operator. None of the foreign carrier affiliates is a monopoly provider of communications services and each lacks 50 percent market share in the international transport and local access markets on the foreign end of its respective U.S.-international route. Accordingly, ACI and the Midwest Subsidiaries are presumptively classified as non-dominant on all of the U.S.-international routes identified above. The foreign carrier affiliates are:

Austria: tele.ring Telekom Service GmbH is a provider of mobile, Internet access, and fixed-line services in Austria.

Bolivia: Nuevatel, a consortium led by Western Wireless International ("WWI"), holds a nationwide personal communications services ("PCS") license and provides commercial service under the brand name Viva. WWI's local partner is Comteco (Cooperativa Mixta de Telecomunicaciones Cochabamba), a cooperative telephone company in Bolivia.

Haiti: COMCEL holds a license to construct and operate a nationwide mobile communications network. It also was granted the right to build and operate services including paging, payphones, and an international gateway.

Ivory Coast: CORA de Comstar (f/k/a Comstar Cellular) is a cellular operator in Côte d'Ivoire. (Due to adverse conditions in Côte d'Ivoire, the CORA network has been shut down temporarily.)

Slovenia: Western Wireless International d.o.o. is licensed to provide nationwide mobile telephony services in Slovenia and has launched services under the brand name Vega.

Answer to Question 20

This application qualifies for streamlined processing pursuant to Section 63.12 of the Commission's rules. ACI is not affiliated with any foreign carrier in a destination market, except for Austria, Bolivia, Haiti, Ireland, Ivory Coast, and Slovenia, all of which are WTO member countries. As previously explained, ACI qualifies for a presumption of non-dominance under

Section 63.10(a)(3) of the Commission's rules for the routes between those foreign countries and the United States.

The parties will not consummate the transaction until after the Commission approves the related Form 603 applications seeking consent to transfer control of the Midwest Subsidiaries to ACI.

Filing Type

1a) Current Filing Proposed Filing

1b) Is the purpose of this filing to report cellular cross-ownership holdings required pursuant to section 1.919 of the Commission's Rules? Yes No

If 'Yes', provide an exhibit with this filing that identifies the Rural Service Area market(s) involved, as well as the cellular licensee of which the filer has acquired direct or indirect ownership interest of 10% or greater.
