Dear Ms. Dortch:

Please find enclosed three charts that provide subscriber and cost center information for Adelphia Communications Corp. This information is responsive, in part, to item II.A. of the Commission's Information and Document Request released on December 5, 2005. Due to the fact that two of the charts provide subscriber numbers at a detailed level that Adelphia does not release to the public in the normal course, Adelphia is submitting them subject to the Protective Order in the docket.<sup>1</sup>

Pursuant to the Protective Order, Adelphia is filing one copy of the unredacted data with the Secretary's Office under separate cover and delivering two copies of the unredacted data to Julie Salovaara of the Media Bureau. In addition, Adelphia is submitting herewith two copies of this data in redacted form for the public record.

The Company has not completed the preparation of financial statements for periods subsequent to September 30, 2005 and is reviewing its books and records and other information on an on-going basis to determine whether amounts should be changed, supplemented or otherwise amended pursuant to Generally Accepted Accounting Principles in the United States. Such review and evaluation may result in adjustments to the financial statements.

The Company does not operate based on DMA geographies. Thus, certain regional call center costs are allocated over a different operational footprint. In addition, DMAs are mapped at a channel line-up level and one cost center crosses multiple DMAs in many cases.

The financial data enclosed herein represents internal, unaudited data that was compiled from our books and records. This financial data has not been audited at a DMA level and may not reflect certain adjustments, some of which may be material, that would be necessary to render the financial information in accordance with Generally Accepted Accounting Principles.

Adelphia derives its estimated business units (EBUs) for its basic bulk and non-standard and commercial contracts by dividing the revenue received from those contracts by the prevailing rate for the services at the franchise level. Adelphia estimates kitchen units for internal purposes only and does not report such estimates publicly for any purpose. Adelphia relies on standards developed by each of its five regions to estimate kitchen units. Estimate methodology varies by region; each region derives its own standard by sampling approximately 20% of its bulk/non-standard and commercial contracts and reviewing the contract revenue and actual units for that sampling. The regions' standards are updated periodically.

Adelphia has not included subscriber information for the following areas that are excluded from the proposed Transactions: St. Mary's, Pennsylvania, Puerto Rico, and Brazil. In addition, Adelphia has not included the Rigas properties that are not part of the proposed Transactions.

Except as noted in this chart, Adelphia (and/or its subsidiaries) currently holds a 100% interest in the systems included in the Proposed Transactions.

Adelphia (and/or its subsidiaries) holds a 75% general and limited partnership interest in Century-TCI California Communications, L.P. and manages its day-to-day operations, subject to certain specified rights of its limited partner, Comcast Corporation (and/or its subsidiaries), which holds a 25% limited partnership interest.

Adelphia (and/or its subsidiaries) holds a 66.67% general and limited partnership interest in Parnassos Communications, L.P. and manages its day-to-day operations, subject to certain specified rights of its partner, Comcast Corporation (and/or its subsidiaries), which holds a 33.33% general partnership interest.

Adelphia, through a subsidiary, also holds a 50% ownership interest in the Palm Beach Group Cable Joint Venture and manages its day-to-day operations. The other 50% owner is Ibis Communication Company. As of June 2005, this joint venture served 825 subscribers in the Ibis Golf and Country Club located in West Palm Beach (Palm Beach County), FL. Adelphia does not consolidate the number of subscribers in this joint venture; thus, these subscribers are not included in the subscriber information charts. The company's records do not currently indicate which CUID or PSID in the West Palm Beach area includes the subscribers in this joint venture; nonetheless, Adelphia's interest in Palm Beach Group Cable Joint Venture will be assigned to Comcast, and Comcast will be managing the day-to-day operations upon consummation of the proposed Transactions.

Adelphia has not included subscriber information for the following areas that are excluded from the proposed Transactions: St. Mary's, Pennsylvania, Puerto Rico, and Brazil. In addition, Adelphia has not included the Rigas properties that are not part of the proposed Transactions.
