Request for Review

DOCKET FILE COPY ORIGINAL

Charlotte-Mecklenburg Schools (CMS) request a review of the Appeal filed by CMS with the SLD on July 29, 2005 which sought to re-instate the funding discount percentage of 471 Application #442546 and Funding Request Number (FRN) 1222919 from 63% to the originally requested discount percentage of 66%. The following reasons are the basis for our Request for Review:

1. Charlotte-Mecklenburg Schools used applications, not surveys, to validate student participation in the National School Lunch Program (F&R Lunch).
2. Charlotte-Mecklenburg Schools calculated F&R Lunch Eligibility using October 2004 application data. The SLD validated E-Rate discounts against the North Carolina State Child Nutrition Database, last updated June 2004.

Charlotte-Mecklenburg Schools is providing six (6) exhibits that follow this section in support of our appeal.

Request for Review Summary

The reasons stated by the SLD in the denial of our appeal (Exhibit 3, pp.8-9) are two-fold:

1. The first reason for denial was created by a misunderstanding between the SLD and CMS during PIA review over our use of a survey vs. an application to calculate the F&R Lunch (NSLP eligibility) for schools and their site specific E-Rate discounts.

CMS does not utilize surveys to calculate E-Rate discounts. Data collected from F&R Lunch Applications and the October 2004 F&R Lunch counts for each school, a primary measure of E-rate eligibility, are used for this purpose.

Exhibit 4 (pp.10-27) was sent with the original 471 application since this same information is generally requested each year during PIA review. It was believed that sending it with the application would streamline the PIA review process.

A letter from our Child Nutrition Director in Exhibit 4 (pp.17-22) has been used for several years as documentation to support our E-rate discounts for selected schools when the discount rate could not be determined from the State of North Carolina database that the SLD accesses to check F&R Lunch counts of each school.

- In past years, this documentation has been sufficient to document our E-Rate discounts.

No. of Copies rec'd 0
List ABCDE

- There is sufficient confusion between both applicants and the SLD staff regarding surveys and applications and their use for determining NSLP eligibility.
- In requests for documentation sent to CMS by PIA, these two words are often displayed as “Survey/Application” implying they may be used interchangeably.
- There is no requirement in the E-rate documentation in “1. Primary measure for E-rate” (Exhibit 5, p. 28) that a student’s grade level be included on an application for F&R Lunch.

Our applications do not include a field for grade level but that information is available in the CMS student information system.

2. The second reason for denial as stated by the SLD is that the number of surveys returned could not be determined. Again, a survey was not used to calculate F&R Lunch eligibility so this requirement does not apply.

Additionally, discounts questioned for 19 un-named schools referenced in Exhibit 3 (p. 9) occurred because the SLD checked the F&R Lunch counts we submitted using October 2004 data against data in the North Carolina State Child Nutrition Database (current as of June 2004) during PIA review and saw a significant change in the number of students eligible for F&R Lunch.

In discussions with Stephanie English, the North Carolina State E-rate Coordinator, and Cindy Hobbs, the CMS Child Nutrition Director, it was determined that beginning last year the State of North Carolina stopped requiring districts to submit detailed monthly F&R Lunch counts for each individual school. The only time that districts are required to submit detailed F&R Lunch counts for individual schools is during the month of June. During the rest of the school year only monthly F&R Lunch aggregate totals for the school district are submitted to the state.

This suggests that if the SLD reviewed the F&R numbers submitted for the 19 schools in question, then they were comparing our October 2004 numbers against June 2004 numbers on the state database. Since CMS implemented a new student assignment plan the past two years that in some cases involved massive shifts in student populations across the district, there will be great variances between the data used to calculate E-rate discounts and the F&R numbers the SLD is able to validate.

CMS has submitted the following six (6) Exhibits to support this appeal request.

Re: Applicant Name: CHARLOTTE-MECKLENBURG SCHOOLS
Billed Entity Number: 126973
Form 471 Application Number: 442546
Funding Request Number(s): 1222919
Your Correspondence Dated: July 29, 2005

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of SLD's Funding Year 2005 Funding Commitment Decision Letter for the Application Number indicated above. This letter explains the basis of SLD's decision. The date of this letter begins the 60-day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1222919
Decision on Appeal: **Denied**
Explanation:

- In your appeal letter, you are requesting an explanation of the SLD adjustment of the shared Pre-Discount Percentage from 66% to 63%. You claim that your Free and Reduced Lunch documentation supports your requested 66% discount percentage.
- During PIA review, it was determined that surveys that you provided did not contain the grade level of the student, as required by program rules. In addition, you were not able to provide the number of returned surveys, which is also required by program rules. As a result of these deficiencies, the discounts for those (19) schools with defective surveys were reduced.

The reduction of the discounts for these (19) schools resulted in a reduction of the shared discount from 66% to 63%.

- SLD's review of your application determined that your discount eligibility should have been 63%. Since you did not demonstrate in your appeal that the adjustment SLD made to your discount percentage was incorrect because you provided defective surveys, SLD denies your appeal.
- You indicated on your Form 471 that your discount eligibility is 66%. FCC rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. 47 C.F.R. § 54.505(b). The level of poverty is measured by the percentage of students enrolled in a school or school district who are eligible for a free or reduced price lunch under the National School Lunch Program, or a federally-approved alternative mechanism. Alternatively, the level of poverty is measured according to participation in Medicaid, food stamps, Supplementary Security Income (SSI), federal public housing assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). See Federal-State Joint Board on Universal Service, CC Docket No. 96-45, *Report and Order*, 12 FCC Rcd 8776, FCC 97-157, n.1334 (rel. May 8, 1997). The high cost determination is made pursuant to FCC rules that classify a school or library as rural or urban. 47 C.F.R. § 54.505(b)(3). An applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether a school is classified as rural or urban. 47 C.F.R. § 54.505(c).

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either the SLD or the FCC. For appeals that have been denied in full, partially approved, dismissed, or canceled, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD web site or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.
