Re: WT Docket Nos. 05-193 and 05-194

Dear Ms. Dortch:

On January 25, 2006, I spoke to Jay Keithley, Deputy Chief of the Consumer and Governmental Affairs Bureau, about the desirability of the Commission issuing a protective order in these proceedings. On January 26, 2006, I spoke to Julie Saulnier of the Bureau on the same subject. I recommended that the Commission issue a protective order that would permit non-business people to review an unredacted version of the confidential filing made by the Wireless Consumer Alliance in these proceedings. I also stated that it does not seem necessary at this time to permit review of confidential documents attached to that filing.

Respectfully submitted,

/s/
