Dear The Federal Communications Commission,

The flat-fee Universal Service Fund proposal is unfair, and I urge you to oppose this plan. I, who use a prepaid cellular phone and make few long distance calls, will be unfairly taxed at a higher rate under the flat fee plan.

I support the Keep USF Fair Coalition, and monitor this issue on their website. Stopping the flat fee tax is important to my family - not to mention my pocket book. You will hear from me again, until this issue is resolved fairly!

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. This is blatantly unfair, and I urge you to reject this flat-fee plan.

Thank you.
