

Federal Communications Commission
Regarding Proceeding 05-311

Dear FCC,

Thank you for the opportunity to comment on this proceeding. I am writing as the volunteer manager of my local public access television station. Living on the border between Wisconsin and Minnesota, our television media originates from another state. My city of 8,000 has no television identity without our public access station. We provide local programming from a variety of sources. From government meetings to local sports programming, our original productions provide a means for local agencies and individuals to preserve and promote what is unique to our town. I oppose legislation that jeopardizes this channel of communication.

Sincerely,

Alex Birkholz
