STATEMENT REGARDING:
COMPLIANCE WITH FCC CPNI RULES
FEBRUARY 3, 2006**

The following statement explains how operating procedures observed by Calaveras Telephone Company (Calaveras Telephone) ensure that it is in compliance with the rules in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations.

In the twelve months ending December 31, 2005, Calaveras Telephone did not use Customer Proprietary Network Information ("CPNI") to market services. Calaveras Telephone's current policy is to refrain from using CPNI for marketing purposes. By declining to use CPNI for any of the circumscribed purposes identified in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations, Calaveras Telephone has not undertaken to obtain customer consent to use CPNI and, therefore, requires no formal system in place to differentiate those customers who have granted consent to use their CPNI and those customers who have not granted such consent.

Calaveras Telephone has the following protection measures in place. First, Calaveras Telephone has filed state tariff rules and procedures that address the protection of confidential subscriber information, including CPNI. Second, Calaveras Telephone undertakes periodic reviews of company practices to ensure that Calaveras Telephone remains in compliance with CPNI rules. Third, Calaveras Telephone requires that each of its employees sign confidentiality agreements and adhere to company policies protecting confidential subscriber information. Forth, Calaveras Telephone trains its customer representatives to conform to confidentiality practices.
