

NOTICE OF TRANSFER OF TELEPHONE SERVICE

RE: 000-000-0000-000

March 3, 2006

XXXXX
XXXXXXXXXX XXXXX
XXXXXXXXXXXXXXXX XXXXXX

Dear XXXXXXX,

Until recently, Metro Teleconnect Companies, Inc ("Metro Teleconnect") had been providing your local telephone service (dial tone) over the resold facilities of SBC Missouri (SBC). As you may be aware, Metro Teleconnect is no longer able to provide your local telephone service.

But for the terms of the agreement governing Metro Teleconnect's service to you, once Metro Teleconnect's account with SBC was disconnected, your local telephone service would have been disconnected, too. To prevent your service from being disconnected without notice to you, SBC began providing local telephone service to you on March 3, 2006 for a limited transition period. The last day of this limited transition period will be April 3, 2006.

Important: Metro Teleconnect and SBC Missouri (SBC) have entered into agreements whereby SBC has acquired Metro Teleconnect's rights to provide your local telephone service should you not choose another local service provider by the April 3, 2006. This change does NOT affect long distance services you may currently be receiving from an interexchange carrier.

SBC records indicate that as of March 3, 2006, you have not yet selected another local telephone service provider. There are approximately 30 calendar days before the limited transition period ends and your service will be transferred to SBC in accordance with applicable rules of the Federal Communications Commission ("FCC") and your state public utility commission.

You have a choice in selecting your telephone service provider.

- 1. If You Select SBC Missouri for Local Phone Service by the Selection Date:** Please contact SBC Missouri at 1-866-877-1070 (residential customers) or 1-888-481-0367 (business customers) to make arrangements for local telephone service as soon as possible. SBC Missouri has attractive pricing programs and packages for local service that your SBC Missouri representative can discuss with you. SBC Missouri will provide you with the local phone services you request, and it will make local toll and long distance service available to you from the carrier of your choice. **SBC Missouri will not charge its customary new connection fee or any other change of carrier charges.**
- 2. If You Do Nothing by the Selection Date:** If you have not transferred your service by the Selection Date (April 3, 2006), your local telephone service will be automatically transferred to SBC Missouri during the Transfer Period at no cost to you, and you will not experience any telephone service outage. In accordance with the applicable rules of the FCC and your state public utility commission, services will be provided to you as follows:

a. Local Phone Services – SBC Missouri will provide the same or equivalent local phone services as you were receiving with Metro Teleconnect and at SBC Missouri's approved rate structure (see attached summary of SBC Missouri's service terms and conditions for more details). In addition, SBC Missouri will not charge its customary new connection fee or any other change of local carrier charges. SBC Missouri's rates, terms and conditions will be applicable on the date SBC Missouri becomes your service provider. SBC Missouri will contact you by mail or telephone to advise of any post-transfer changes.

b. Local Toll and Long Distance Services –

- 1) Local Toll from Metro Teleconnect Local Toll and Long Distance Customers – If you use Metro Teleconnect local toll but another carrier for long distance, then SBC will provide your local toll service at SBC's approved rate structure and you will continue to receive your long distance services from the same carrier.
- 2) Local Toll and Long Distance Customer of Another Carrier – If you use a long distance carrier for local and long distance services, you will receive the same service from the same carrier.

If you have a preferred carrier freeze that prevents unsolicited changes on your local phone, local toll, and/or long distance services, and have not contacted SBC Missouri or another provider by the Selection Date (April 3, 2006), *the freeze will be lifted and your services transferred according to this section.* You must contact SBC Missouri to arrange for the freeze protection to be reinstated after the transfer.

c. Service Adjustments – You may make adjustments and changes to your service from SBC Missouri at any time by calling service representatives (per your billing statement).

3) If You Select Another Provider before the Selection Date: You must make arrangements with that service provider to transfer your service on or before the Selection Date (April 3, 2006). Your selected carrier will determine the charges for the services you select.

Metro Teleconnect will no longer make any new changes to your telephone service, and Metro Teleconnect has full responsibility for handling any outstanding complaints or disputes that may exist between you and Metro Teleconnect or referring you to the appropriate carrier.

If you have any questions about SBC Missouri's telephone services or features, please contact SBC Missouri at 1-866-877-1070 (residential customers) or 1-888-481-0367 (business customers) or visit its web site at www.sbc.com.

SBC Missouri looks forward to meeting your local communications needs. Please see attached terms and conditions.

If you have changed your local telephone service provider since March 3, 2006, please disregard this letter.

Sincerely,

Jodi Kopenski
SBC Manager
