Re: In the Matter of Reporting Requirements for U.S. Providers of  
International Telecommunications Services, IB Docket No. 04-  
112

Dear Ms. Dortch:

On March 23, 2006, I had a telephone conversation with Mark Uretsky of the International Bureau regarding the above-mentioned proceeding. I reviewed AT&T's concerns regarding some proposed new reporting requirements, including difficulties with separately reporting non-route specific revenues. We discussed the problems with using different internal systems to populate these new reports, and the need for any Commission decision to acknowledge these factors faced by reporting parties. I also highlighted the need to eliminate the CMRS resale reporting requirement, and the benefits of implementing any streamlining as soon as possible.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Schoenberger".
