Your voice message of December 23, 2005 stated that you have not received Letters of Agencies. On October 24, 2005, a packet of material was mailed to you. In that packet of material were copies of letters of agency from those esds or school districts who are recipient of service and part of the State's erate application #460103. The entire packet was over 150 pages. On October 27, 2005, you confirmed receiving the packet of material. Please re-confirm that you received the packet of material containing the letters of agency.

Dear Patricia K. Middelburg (State E-rate Coordinator)
OREGON DEPARTMENT OF ADMINISTRATIVE SERVICES
(503) 3731365
Application Number: 460103

We are in the process of reviewing all Form 471 applications for schools and libraries discounts to ensure that they are in compliance with the rules of the Universal Service Support Mechanism. I am currently in the process of reviewing your Funding Year 2005 Form 471 Application. To complete my review I need some additional information. The information needed to complete the PIA Review is listed below.

As per your response on December 22, 2005; the LOAs submitted on October 24, 2005 only included district LOAs for the Clackamas ESD, Harney ESD and North Central.

Please provide the Letters of Agency (LOA) for each of the schools that appear Worksheet A of Application 460103. In the event that these schools are controlled by a higher level, such as a school district, the higher level's LOA will be sufficient. If a district LOA is provided, please provide a mapping showing which Block A entities are covered by the respective districts.

You provided LOAs for the ESDs not for the Districts.

The FCC directed SLD in the Clackamas Order to get letters of agency from each of the levels in the consortium to ensure a continuous stream of knowingness from the consortium leader down to the recipient of service.

If there is a statutory or regulatory basis for the consortium, and participation is mandatory for all schools/libraries in the state, and all schools and/or libraries are participating, then we will accept a statement from the consortium leader that explains the statutory and/or regulatory basis for the consortium, along with a copy of the statute or regulation in lieu of letters of agency for all members.

Please fax or e-mail the requested information to my attention. If you have any questions please feel free to contact me.

It is important that we receive all of the information requested so PIA can complete its review. If you are unable to provide the requested information because your school has closed or will shortly close for winter break, please let

me know when you will be available to respond to these questions. Failure to do so may result in a reduction or denial of funding.

Thank you for your cooperation and continued support of the Universal Service Program.

If you have any questions please call me at my new phone # 973-581-5112.

ORDER

Adopted: September 26, 2001

Released: September 27, 2001

Before the Common Carrier Bureau:

1. The Common Carrier Bureau has under consideration a Request for Review filed by Clackamas Education Service District (Clackamas), Marylhurst, Oregon.¹ Clackamas requests review of a decision by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) to deny Clackamas' application for discounted services under the schools and libraries universal service support mechanism.² For the reasons set forth below, we remand Clackamas' application to SLD for further review.

2. Under the schools and libraries universal service support mechanism, eligible schools, libraries, and consortia that include eligible schools and libraries, may apply for discounts for eligible telecommunications services, Internet access, and internal connections.³ In order to receive discounts on eligible services, the Commission's rules require that the applicant submit to the Administrator a completed FCC Form 470, in which the applicant sets forth its

² Letter from Schools and Libraries Division, Universal Service Administrative Company, to Tom Cook, Clackamas Education Service District, dated March 9, 2000 (SLD Letter); Letter from Schools and Libraries Division, Universal Service Administrative Company, to Tom Cook, Clackamas Education Service District, dated September 15, 2000 (Administrator's Decision on Appeal).

technological needs and the services for which it seeks discounts.⁴ Once the applicant has complied with the Commission's competitive bidding requirements and entered an agreement for eligible services, it must file a FCC Form 471 application to notify the Administrator of the services that have been ordered, the carrier with whom it has entered an agreement, and an estimate of funds needed to cover the discounts to be given for eligible services.⁵ *Approval of the application is contingent upon the filing of a FCC Form 471, and funding commitment decisions are based on information provided by the applicant.*

3. On the FCC Form 471, applicants must certify, among other things, that the schools and libraries they represent have secured access "to all of the resources ... necessary to make effective use of the services purchased" and that they have authority to submit the request on behalf of the entities included in the application.⁶ Review of the applicant's certifications by SLD is an important part of SLD's responsibility for reviewing funding applications to ensure compliance with statutory requirements and Commission rules. Section 254(h)(1)(B) of the Act limits discounts to services provided in response to bona fide requests made for services to be used for educational purposes.⁷ The certification requirement helps achieve compliance with section 254(h)(1)(B) by ensuring that requests for discounted services are, in fact, bona fide requests.⁸ In addition, SLD's review of applicants' certifications is an important means by which SLD curbs waste, fraud, and abuse in the schools and libraries universal service support mechanism.⁹

4. Clackamas filed seven applications as a consortium seeking discounts under the schools and libraries universal service support mechanism for Funding Year 3.¹⁰ Clackamas provided to SLD documentation describing its consortium structure. These documents showed that Clackamas hosted a statewide program called the Oregon Public Education Network (OPEN). OPEN consists of Technical (Tech) Centers that provide connectivity to the schools and school districts. Clackamas explained that it supported the Tech Centers, and the Tech Centers in turn serve the districts and the schools.

5. SLD contacted individual schools within the consortium to verify that they were aware that Clackamas was filing an E-rate application on the schools' behalf. SLD determined that at least one school listed as a member of the consortium was unaware that an application for

discounts under the universal service mechanism for schools and libraries had been submitted on its behalf. SLD then contacted Clackamas by phone and asked Clackamas to provide letters of agency for each school district for which it was requesting funding.¹¹ Clackamas asked SLD if it could provide letters of agency from the Technical Centers that served the school district.¹² SLD did not respond to this inquiry.¹³ Finding that Clackamas did not have permission to act on behalf of entities listed in the consortium application, SLD determined that Clackamas did not qualify for funding, and accordingly, by letter dated March 9, 2000, SLD denied funding for each of Clackamas' applications.¹⁴

6. Clackamas then filed an appeal with SLD on April 6, 2000.¹⁵ In its appeal, Clackamas again explained its consortium structure. Clackamas stated that it supports the Technical Centers, and the Technical Centers in turn serve the districts and the schools.¹⁶ Clackamas stated that it did not directly serve the schools for which SLD sought letters of agency.¹⁷ By letter dated, September 15, 2000, SLD denied Clackamas' appeal.¹⁸ SLD explained that the applicant certifies on the FCC Form 471 that the entities it represents have secured access to adequate resources to make effective uses of the discounts.¹⁹ SLD further explained that it is the responsibility of the applicant to provide documentation to support that certification, if requested.²⁰ In response, Clackamas filed the instant Request for Review with the Commission.²¹

7. We have reviewed the record before us. Initially, we note that in requiring Clackamas to submit letters of agency for consortium members, SLD was acting within its authority to implement procedures to ensure compliance with Commission rules and regulations.²² However, we find that Clackamas' application involved a complex multi-tier

²¹ Request for Review.

²² Administration of the schools and libraries support mechanism is the responsibility of SLD, under the oversight of the Schools and Libraries Committee of USAC. See 47 C.F.R. § 54.705(a)(1) (setting forth the functions of the Schools and Libraries Committee) and 47 C.F.R. § 54.701(g)(i) (directing the Administrator to establish the Schools

consortium. Upon determining that at least one school within the consortium was unaware that an application had been filed on its behalf, SLD denied funding to every member of the consortium. We are cognizant of the need for SLD to establish efficient procedures to ensure that applicants comply with our rules and SLD's procedures. In this case, however, because of the complexity of the multi-tiered consortium, we conclude that a more thorough examination of the Clackamas application is warranted. SLD may find, upon review of the letters of agency from the Tech Centers, and additional information from the school, that the school districts have properly given authority to the Tech Centers to act on the school's behalf, and that the Tech Centers exercised that authority by participating in the OPEN consortium. Because SLD did not respond to Clackamas' request to provide letters of agency from the Tech Centers, the record is insufficient to determine whether Clackamas, through the Tech Centers, had actual authority to act on behalf of the school districts listed in the consortium. We, therefore, remand Clackamas' application to SLD for further fact-finding. However, we make no determination as to whether any members of the consortium are ultimately entitled to discounts.

8. ACCORDINGLY, IT IS ORDERED, pursuant to authority delegated under sections 0.91, 0.291, and 54.722(a) of the Commission's rules, 47 C.F.R. §§ 0.91, 0.291, and 54.722(a), that the Request for Review filed by Clackamas Education Service District, Marylhurst, Oregon, on October 13, 2000, IS REMANDED to SLD for further review consistent with this opinion.
