their communities, providing local news, information and entertainment to residents, and generally serving as good corporate citizens in the local community life. This is particularly true in smaller towns, where the radio stations are limited in number. Yet there are still rural areas of our country that do not have even a local radio station."³ The proposed channel 292A will provide additional diversity and an outlet for local self-expression to Waukomis residents and therefore is in the public interest.

Should this petition be granted and Channel 292A is allotted to Waukomis, Oklahoma, Petitioner will apply for Channel 292A at Waukomis and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,
