Re: Applications for Consent to the Transfer of Control of International Section 214 Authorizations Held by Subsidiaries of BellSouth Corporation to AT&T Inc., WC Docket No. 06-74, File Nos. ITC-T/C-20060406-00225, ITC-T/C-20060406-00226

Dear Ms. Dortch:

BellSouth Corporation (“BellSouth”), by counsel, hereby submits additional information to amend the above-referenced applications (“Applications”). Specifically, in conducting its due diligence in connection with the AT&T/BellSouth merger, BellSouth discovered that the Commission's records do not reflect the pro forma assignment of BellSouth's interest in the international Section 214 license for the MAYA-1 submarine cable, File No. ITC-214-19990325-00153 (the “MAYA-1 214 Authorization”), from BellSouth International, Inc. to BellSouth Long Distance, Inc. BellSouth submitted a notification of the *pro forma* assignment on April 12, 2006 (the “*Pro Forma* Assignment”).

The MAYA-1 214 Authorization was included in the application to transfer control of the international section 214 authorizations held by BellSouth International, LLC from BellSouth to AT&T (File No. ITC-T/C-20060406-00226). At the staff's request, to reflect the *Pro Forma* Assignment, we are hereby amending that application to delete the MAYA-1 214 Authorization, and are adding the MAYA-1 214 Authorization to the application to transfer control of the international 214 authorizations held by BellSouth Long Distance, Inc. from BellSouth to AT&T (File No. ITC-T/C-20060406-00225).
