Dear Sirs/Commissioners,

I wish to protest the attempt
by ATOT to take over
SBC Pacific Bell.

My experience indicates that
ATOT is wholly corrupt;
they overcharge & avoid explanation,
make promises of returning money
that never manifest, and will tell
anyone anything to acquire customers.

Respectfully,
Drummond P. Riddell

Subject: Stop the AT&T Merger

Dear Federal Communications Commission:

You must stop the merger of AT&T and BellSouth. This deal would leave consumers with fewer choices, higher prices and less control over communications.

AT&T and BellSouth have a poor track record serving Americans. They have stifled competition, eliminating choices in the marketplace. They have not bridged the digital divide, leaving America far behind its global competitors. They have failed to protect network freedoms that keep the Internet an open road for all.

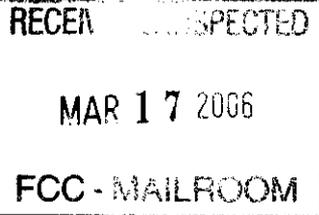

We cannot allow the future of communications to be controlled by companies that demonstrate little regard for the public interest.

As public representatives, you must stop this merger from going forward.

Do not allow this monopoly to happen!

Sincerely,

Jim Hughes

A.T. & T. were taken to task years ago, and the telephone companies were deregulated. What are they trying to do once more? Please, please stop them. This country does not need this merger!

Sincerely,

Bonnie Bruinsslot

Subject: Stop the AT&T Merger

Dear Federal Communications Commission:

You must stop the merger of AT&T and BellSouth. This deal would leave consumers with fewer choices, higher prices and less control over communications.

AT&T and BellSouth have a poor track record serving Americans. They have stifled competition, eliminating choices in the marketplace. They have not bridged the digital divide, leaving America far behind its global competitors. The Consumers Union advises that this merger is contrary to the public interest. Keep the Internet an open road for all.

We cannot allow the future of communications to be controlled by companies that demonstrate little regard for the public interest.
