Dear Customer:

First Choice Technology, Inc. ("First Choice") and Tri-M Communications, Inc. d/b/a TMC Communications ("TMC") have entered into an Asset Purchase Agreement, whereby the telecommunications assets of TMC will be acquired by First Choice, and First Choice will become your interstate, international and intrastate telecommunications service provider for residential long distance services. First Choice anticipates this happening on or before June 1, 2006.

This change in ownership will not affect or in any way disrupt your current service. **Your rates and the terms and conditions under your existing contract will not change as a result of the transaction.** No charges or fees will be imposed and no rate increase will occur as a result of this transaction. First Choice will inform you, by separate mailing, of any post-transaction changes which may occur.

We realize you have a choice of carriers. Subject to the terms and conditions of your existing contract with TMC, including applicable termination penalties, you have the right to choose a different carrier for your services. Please note that if you are a customer of TMC on the date of the transfer and you have not informed TMC that you have made arrangements to switch to a carrier other than First Choice, your services will automatically be transferred and your account assigned to First Choice. Also, if you have placed a "freeze" on the services to prevent the unauthorized transfer of your services to another carrier, the freeze will be lifted and your services will be transferred to First Choice. You must contact your local exchange carrier to re-establish freeze protection for your Services after the transfer. First Choice will be responsible for any outstanding TMC customer complaints after the date of transfer. If you have any questions, please call one of First Choice's Customer Service Representatives at 1-888-598-0672.

We at First Choice are pleased to welcome you to our team and would like to express our appreciation for allowing us the opportunity to be your telecommunication service provider. We are confident that you will be pleased with the high quality of our service.

Sincerely,

First Choice Technology, Inc.
