The Skype Business Model

- Skype's business is software
- Skype is at the center of an ecosystem of hardware and software partners
- Skype fosters broadband penetration; we need a supportive policy environment to continue to do so

Skype Public Policy Messages

- An open Internet is necessary for Skype's growth
 - Additional network neutrality legislation and enforcement is necessary
- Skype is not a replacement for your traditional phone
 - Skype provides explicit, plain-language warnings of our limitations
- Skype takes seriously its legal obligations to cooperate with law enforcement
