

Proceeding #06-103) Office of Engineering & Technology

Re: Multispectral Solution Inc. request for a waiver of part 15

To the Commission:

This proceeding is for a waiver of Part 15 Rules & Regulations for the purpose of identifying and tracking people and cattle. Unless a grant of such a waiver as a pure concession to corporate interests, in no way does tracking people and cows justify the interference potential. The FCC owes a duty to incumbent licensees to consider non-interference with licensed interests as paramount to corporate welfare.

Sincerely yours,
