FROM: KKL RADIO
TO: CHAIR, FCC WAC-2007 BOARD
SUBJECT: NON-CONSENSUS ON AGENDA ITEM 1.13

KKL Radio is opposed to any increase in Spectrum below 10 MHz. If additional spectrum is transferred from the Fixed and Mobile Services to Broadcasting; there will be a serious deterioration in critical and essential safety services.

Co-primary status between broadcasters and fixed and mobile entities is unworkable. A system to force Broadcasters to relinquish frequency during an emergency or disaster is not practical.

KKL supports WAC-104B
