

Dear Chairman Martin:

I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192) and the AT&T/BellSouth merger (FCC Docket No. 06-74). Allowing the largest telecommunications company and the two largest cable companies in the United States to grow even larger does not serve the public interest.

The concentration of media power is a growing problem in this country. Though we have more channels available than ever before, they are increasingly falling under the control of a handful of giant corporations. The cost of broadband service also remains out of reach for many households. Americans are hungry for more competition in services. However, these mergers will only starve Americans of this needed competition.

Allowing AT&T to combine with BellSouth will give the top three broadband providers control of over half of all broadband connections in the country. At the same time, the Time Warner/Comcast/Adelphia merger will give Comcast and Time Warner increased power over entire regions of the United States, allowing rates to rise even as the digital divide continues to grow.

The FCC should block these transactions.

In conclusion, I ask the FCC to consider the interests of the people like me who pay the cable, telephone and broadband bills and watch the programming. Many of us already have enough trouble trying to afford broadband or cable TV. Please don't make it even harder for us to find competitors, or make it easier for Comcast, Time Warner and AT&T to raise prices or block local and independent voices.
