

I am opposed to allowing debt collectors to contact me on my cell phone number. I am charged by the phone call received or made from my phone I do not want to waste my calls and money by speaking with bill collectors. Currently American ON-line continues to contact me using my land line trying to locate a person who use to have my phone number over 2 years ago. This is not only annoying but I am unable to get American On-line to stop calling. After explaining the situation the representative assures me that my number will be blocked; however, within 3 days I receive another call from another representative. When asked to speak to a supervisor, the supervisor is not available or is unable to assure me the calls will stop and the calls continue. The calls have occurred for over 6 months. Certainly I do not want to pay for the collection calls on my cell phone or be annoyed by pesty debt collectors- my credit score is over 780 which does not warrant the annoyance.
