Re: Notice of Removal of DSL from FCC NECA #5 Tariff

Effective July 1, 2006, the above named CenturyTel companies will begin offering Digital Subscriber Line (DSL) service on a de-tariffed basis. Please note that carriers choosing to offer DSL on a de-tariffed basis are required to continue to provide the service for one year on a grandfathered basis. As such, the current rates, terms and conditions governing CenturyTel's DSL service will remain in effect until November 15, 2006, which is one year from the DSL Order date. The terms and conditions will be available on the CenturyTel website effective July 1, 2006, and will also be available for review at CenturyTel's Corporate Office located at 100 CenturyTel Drive, Monroe, Louisiana. We are required to provide notice of CenturyTel's intent to discontinue providing DSL service on a tariffed basis. This notice fulfills that requirement.

While the de-tariffing of this service does not constitute a discontinuance of service, the FCC has asked carriers that implement de-tariffing to follow procedures similar to those required for discontinuance of service. Consistent with those requirements, we hereby inform you that CenturyTel's address is 100 CenturyTel Drive, Monroe, Louisiana. We also inform you that the geographic areas affected by this change are the areas served by the companies listed above where DSL is available.

This notice is an informational notice only, required by the FCC. No action is required on your part.

Sincerely,

Jeff Glover
Vice President-External Relations
